

Josue Benitez

Mountain View, CA | (650)-450-7443 | jbenitez6191@gmail.com | www.linkedin.com/in/josue-benitez

EDUCATION

Lehigh University | Bethlehem, PA

Expected Graduation: May 2027

Bachelor of Science in Computer Engineering

Relevant Coursework: Data Structures & Algorithms, Systems Programming, FPGA Laboratory, Electronic Circuits, Microcontroller Laboratory, Signals and Systems, Computer Architecture

PROFESSIONAL EXPERIENCE

Hatch, iOS Engineer Intern | Redwood City, CA

June 2026 – Present

- Built iOS-side enterprise Wi-Fi support for Hatch IoT devices, enabling setup on college campus networks
- Debugged device-side behavior over UART on development boards in collaboration with embedded team, tracing connectivity failures across the app-to-firmware boundary

Apple, Information Systems & Technology Extern | Cupertino, CA

July 2025 – August 2025

- Implemented indoor map UI enhancements in the Caffè Macs iOS app using Swift/SwiftUI and Apple's IMDF framework, delivering a full-screen map view and improved navigation interactions

Amazon Web Services, Software Developer Engineer Intern | Seattle, WA

May 2024 – August 2024

- Built internal tooling for Service Quota team using Python, Bash, AWS APIs, and Amazon S3 to improve operational efficiency and reduce error-mitigation time
-

PROJECTS

BlueSwarm Robotic Fish, Senior Capstone | C, Python, Embedded Control

- Software/Firmware lead building a sub-10cm untethered robotic fish with two-DoF locomotion

Microcontroller Keypad Security System | C, Tiva C / TM4C123

- Built a Moore finite-state machine for keypad authentication, lock control, and alarm handling; triggered the alarm after three incorrect password attempts
- Integrated a 4x4 keypad, IR motion sensor, PWM servo, ADC potentiometer, and LEDs; added UART state reporting and a 10-second no-motion auto-relock

FPGA Vending Machine System | Verilog, Basys3 FPGA

- Designed a complete vending machine using combinational and sequential logic
 - Implemented change logic and seven-segment display output; debugged via simulation and hardware testing
-

EXTRACURRICULAR EXPERIENCE

Fuerza Mexicana Club, President | Bethlehem, PA

July 2024 – Present

- Led an 8-member executive board; drove 25% membership growth and launched three new event series

Lehigh Society of Hispanic Professional Engineers, Member | Bethlehem, PA

September 2023 – Present

SKILLS

Programming: Python, Java, C/C++, Bash, Swift/SwiftUI

Tools/Platforms: Git, VS Code, Xcode, GitHub Enterprise, AWS APIs, Amazon S3

Hardware/Engineering: Verilog, Basys3 FPGA, Tiva Microcontroller, Code Composer Studio, Vivado

Languages: English, Spanish
